University of South Florida  
Computer Science and Engineering

Applications are invited for several tenure track faculty positions in the Department of Computer Science and Engineering. We are particularly interested in candidates with expertise in architecture, compilers, databases, design automation, distributed systems, networking, operating systems, security, software engineering, and VLSI design and test.

Applications are also invited for several non-tenure track faculty positions with primary responsibilities in teaching in all areas of computer science and engineering.

Rank and salary will be commensurate with qualifications and experience. Applications will be accepted until the positions are filled.

The Department of Computer Science and Engineering (http://www.csee.usf.edu) has 19 faculty members and offers BS, MS, and PhD degrees. The graduate program serves some 180 students. The research program is well supported ($6.7M in 2002) by federal and state agencies including DARPA, NIH, NSF, ONR, and USGS, and industry. A strong partnership exists with the USF College of Medicine and the H. Lee Moffitt Cancer Center and Research Institute.

The application package should include a cover letter, curriculum vitae, names and contact information of at least three references, and a brief statement outlining research and teaching goals. It should be sent to the Search Committee Chair, Box A, Computer Science and Engineering, University of South Florida, 4202 East Fowler Avenue, ENB-118, Tampa, FL 33620-5399. Applications are also accepted via email at faculty-search@csee.usf.edu.

The University of South Florida with about 40,000 students is among the top 20 largest schools in the nation located in Tampa Bay, a metropolitan area with a population of about 2.5 million.

According to Florida law, applications and meetings regarding them are open to the public. The University of South Florida is an Equal Opportunity/Equal Access/Affirmative Action Institution. Women and minorities are strongly encouraged to apply. Dual career couples with questions about opportunities are encouraged to contact the department chair.
